

$a =$

$\sin A =$

$\cos A =$

$\tan A =$

$b =$

$\sin B =$

$\cos B =$

$\tan B =$

$a =$

$\sin A =$

$\cos A =$

$\tan A =$

$x =$

$\sin Y =$

$\cos Y =$

$\tan Y =$

$y =$

$\sin X =$

$\cos X =$

$\tan X =$

$z =$

$\sin Z =$

$\cos Z =$

$\tan Z =$

## Guided Notes

The three trig ratios are: \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

A way to remember the ratios is: \_\_\_\_\_

$$\underline{\hspace{2cm}} = \frac{\underline{\hspace{2cm}}}{\underline{\hspace{2cm}}}$$

$$\underline{\hspace{2cm}} = \frac{\underline{\hspace{2cm}}}{\underline{\hspace{2cm}}}$$

$$\underline{\hspace{2cm}} = \frac{\underline{\hspace{2cm}}}{\underline{\hspace{2cm}}}$$
